CLAIMS WIFE DESERTED HIM

Charles Parker Arrested For Carrying Concealed Weapons Told Pathetic Story to Officers.

THREE CASES BEFORE MAYOR
Leonard Perkins and Charles Beach Fined For Provoke—Insulted Mrs. Walter May.

Police court was a busy place this morning, three cases coming before Mayor Black. Two of the cases were for provoke and the other for carrying concealed weapons. The concealed weapons case offered a few violations not on the usual program and not expected by the police or the mayor.

The charges of provoke were against Leonard Perkins and John Beach. The prosecuting witness was Walter May. Both men pleaded guilty and were fined one dollar and costs by Mayor Black. Perkins' fine was stayed and Beach's paid. The police had a comparatively easy time Saturday night until Perkins and Beach broke into the limelight. The trouble occurred about 11:30 o'clock Saturday night in front of the Price saloon.

When the officers arrived on the scene they found Perkins on the sidewalk begging for mercy from Walter May. From the story told in court, Perkins and Beach, who both reside in the country, had a few drinks to the good. May claimed that they followed his wife and mother-in-law through the business section of the city and had made insulting remarks to them. He claimed to have been provoked into committing assault and battery on the two men. He did a good job on Perkins, but Beach escaped. Perkins was still carrying a black eye this morning.

"This thing of insulting women on the streets of the city has got to stop," said Mayor Black to the two men after they had pleaded guilty. "We have been bothered considerably of late," continued the mayor "with men from the country and surrounding towns by insulting and slandering remarks to women and it must be stamped." The mayor gave the two young men a severe lecture and from his remarks the would-be masher can expect to find little sympathy in his court.

The other case—that of carrying concealed weapons—against Charles Perkins brought out a wife desertion charge that the police knew nothing about and which was a problem to the court officials. Parker was arrested Saturday night and a loaded revolver was found on his person. Parker lives on the Lewis Clark farm southeast of the city and according to his story he was brought here Saturday evening by Mr. Clark. The revolver found in his possession, he claimed, was in the buggy and he picked it up to keep anyone from stealing it.

Parker told a pathetic tale of his domestic troubles and stated that his wife left a note Saturday telling him she was going away for good with another man. It was in search of her that he claimed to have come here Saturday. According to Parker his wife was seen to board a car for Indianapolis in company with a man supposed to reside near New Salem. He told the court that he was left alone with four children, the oldest of which is eight years. He offered to take his wife back in order to make a home for his children, which he said were the pride of his heart. The case presented in this light was a difficult proposition and his case was continued until this afternoon.

After investigating the officials

were satisfied that Parker was telling the truth and he was floated by Mayor Black. An effort will be made to locate Mrs. Parker. He promised to return home and support the children.

GASOLINE FIRED BY INTENSE HEAT

Ninety Gallon Can at L. H. Havens' in North Main Street Ignited This Afternoon.

WINDOWS WERE CRACKED

The extreme heat of today is thought to have been the cause of a ninety gallon can of gasoline taking fire at the Lon Havens grocery in North Main street this afternoon at 2:30 o'clock. Ralph Robinson, who is in the employ of Mr. Havens, went to the tank to get some gasoline for a customer and as he opened the door the flames leaped skyward. The gasoline tank was located on the sidewalk in front of the store and as the flames spread it was thought the fire department would have hard work saving the building.

Chemicals were thrown at first but they had little or no effect. It was a mean fire to fight because water tended to spread the fire. The house sheltering the can was pushed over and the flames extended as far as the Pennsylvania railroad. The heat from the fire cracked all of the large plate glass windows in the store, but the interior was not damaged. The loss is said to be fully insured.

VETERAN HEARS LAST BUGLE CALL

Arthur J. Gates, Age 77, Expires of Enlargement of Heart After a Seven Months' Illness.

CHURCH ELDER FOR 40 YEARS
Served in Civil War Three Years and Retired From Farm 13 Years Ago.

Arthur J. Gates, age seventy-seven years, one of the most respected men in Rush county, died yesterday afternoon at the home of his daughter, Mrs. J. T. Arbuckle at 232 West Second street.

Mr. Gates had been in failing health since January of this year. Previous to that a cancer developed on one of his ears, and physicians decided an operation would be the only thing that would relieve the condition. His ear was removed and it was not long after that operation until enlargement of the heart developed and was the ultimate cause of his demise.

Mr. Gates was a vigorous and aggressive citizen one who always stood for right against wrong. He had a host of friends who mourn his loss. Especially is his death a blow to the old Civil war veterans among whom he was honored and of which he was one. He was a member of the Joel Wolfe post G. A. R. The members of that organization will attend the funeral in a body.

Mr. Gates identified himself with the Christian religion early and began at the outset to live a straightforward Christian life. While he resided on his farm in Walker township near Homer he was a member of the Homer Presbyterian church. He served as an elder in that church for forty years. Since his residence in this city Mr. Gates had been an active member of the First Presbyterian church. He served as elder of the Rushville church for almost thirteen years and held that office at his death.

Mr. Gates was a son of Mr. and Mrs. William Gates and was born in Union county April 25, 1835. Early in life his father moved with his family to Walker township, near Homer, to a farm which is still in the family. It was the property of Arthur Gates, and his son, A. B. Gates, now resides there.

While he was yet a young man Mr. Gates was married to Miss Huldah J. Goddard, and they settled on the home farm at the death of Mr. Gates' parents. Five children were born to them, two of which are dead. One child died in infancy and the other, Ella, died when a young woman.

In 1861 Mr. Gates enlisted in Company D, Sixty-Eighth Indiana Volunteers and served with credit to himself for three years in the Civil war. On his return from the war he settled down on the farm again where he lived until thirteen years ago when he and his wife moved to this city and took up their residence here. His wife died four years ago last January. Mr. Gates was a lifelong Republican. Besides his church affiliation, he was a member of the Masonic lodge.

Mr. Gates is survived by three children, Mrs. J. T. Arbuckle of this city, Dr. Will Gates of California, and A. B. Gates of Walker township. The funeral services will be held at the late residence tomorrow afternoon at two-thirty o'clock, conducted by the Rev. John B. Meacham of the First Presbyterian church. Burial will take place in Arlington East Hill cemetery where the other members of the family were interred.

REMOVES COAT TO KEEP PROMISE

The Rev. J. B. Meacham Offers to Appear in Negligee if Parishioners Would Attend.

HOT NIGHT BUT GOOD CROWD
Pastor Points Out Everyday Fact at Union Service That Innocent Must Suffer.

In order to keep his promise with a parishioner, the Rev. John B. Meacham, pastor of the First Presbyterian church, had to take off his coat and roll up his sleeves in delivering the sermon at the union services of the Protestant congregations of the city at the Coliseum last night.

The Coliseum is a fine place in hot weather. But the finest was none too good last night when the weather was as sizzling hot as it has been any evening this summer. The Rev. Mr. Meacham explained that he had as much right to remove his coat and roll up his sleeves as the men in the audience did, or perhaps even a better right because the men in the audience were sitting beside women.

The Rev. Mr. Meacham explained that he had persuaded a man to come to church with the promise that he would not have to wear a coat. The man was willing to go under those conditions if the minister would agree to remove his coat. The Rev. Mr. Meacham said he did not know whether or not that man was in the audience, but he would have to make good anyway.

The minister preached on the subject "Christ Died," and took for his text, "Christ died for our sins." He explained the meaning of atonement and said that in every instance in history the innocent suffer for the guilty, as Christ did, thus shedding the blood of the innocent to cover the evil deeds of the guilty.

"The dominating purpose of Christianity," the pastor declared, "is to recover man from the guilt and power of sin. Christ was the pioneer. He was the greatest teacher, the greatest reformer, the greatest philanthropist, and the greatest martyr."

"According to the apostles, Jesus was and is the world's only Redeemer. 'Christ died for our sins,' vast and awful fact that it is. Not because God is a bloody monster, but because you—the people—are a bloody sinner."

The Rev. Mr. Meacham passed over the life of Christ, explaining why so much of the New Testament was taken up with His death. He showed that the shadow of the cross was before Jesus continually, and that he revealed the secret of the cross only to His nearest and dearest friends.

The gist of the sermon was that it is a set fact that the innocent must suffer for the guilty. He used several illustrations from life today to prove this fact.

BARN ON WINSHIP FARM BURNS DOWN

Lightning Kills Two Horses and Ignites Structure Late Today—Heavy Loss.

CLEM OSBORNE IS SHOCKED

The large barn on the Albert Winship farm a few miles south of the city on the Winship pike was struck by lightning during the storm that passed over Rushville late this afternoon. Two horses were killed by the bolt that fired the barn. Clem Osborne, a laborer on the farm, was sitting on a tool box in the opposite end of the barn from where the horses were, and the force of the shock hurled him into the barn lot. Two horses were saved from the fire. Everything else in the barn, including farming implements, farm wagons, several tons of new hay, which was just being put in, and some live stock were consumed in the flames. The loss had not been estimated late today. There was some insurance. Earl Winship, son of Albert Winship, lived on the farm.

SHUT OUT GAME GOES TO LOCALS

"Chick" Avery Has Shade Best of Pitcher's Battle and Lebanon Loses 5 to 0.

IS CLOSE UNTIL THE SEVENTH
Visiting Twirler in Form But Catcher is on Bum—Mt. Jackson Next Sunday.

In one of the best games of the season, Rushville defeated Lebanon yesterday 5 to 0. It was a pitchers' battle between Avery for the locals and Robinson for Lebanon. Avery was strong in the pinches and steady throughout, while Robinson was a little wild at times. "Chick" was backed up by the kind of support that wins games—only two errors being made and those not costly.

The defects of the Lebanon team were many and about the only bright light was the pitcher, Robinson. Robinson really pitched good enough ball to win any ordinary game and with a good catcher, Rushville might have had trouble in winning. As it was, his battery mate, Barton, made a poor effort at catching and was directly responsible for most of Rushville's five runs. He let three balls get away, each time allowing a run. Robinson had something on the ball as the locals gathered only four hits and twelve fanned. The Lebanon pitcher was a little unsteady at times and walked six men. Of the first twelve men that faced Robinson, nine struck out.

Avery let Lebanon down with three scattered hits and at no time was he forced to extend himself. It was one of the best games he has worked in this year and the visitor's one man team never had a show. The locals played nice ball behind Avery. The errors were made by Wagoner, an experiment at third base. His two errors counted for naught. Not a Lebanon man reached second base and "Hop" Spacey caught all that tried to steal. Avery struck out ten men, which is no mean record.

The first three men that faced Avery were out at first on easy chances. In the Rushville half, the first three up struck out. In the last of the second, Rushville scored their first run and what looked for a time to be the only run of the game. Cook was their with a timely bingle. He ran wild on the bases and stole second and third. Thomas got a base on balls. The catcher let the last one get away and Cook scored. Geraghty forced Thomas at second. Wagoner and Spacey struck out.

With two men down in the third, Mefford, the Lebanon right fielder, got the first safe hit of the game off Avery. His hit was wasted as he was caught stealing second. Halterman got as far as third in the fourth but was not able to score. They were breaking nice for Avery and not a man reached first again until the sixth. Whitley, a sixteen-year-old kid hit the ball to Wagoner and was safe on the error. The next two men struck out and a moment later Whitley was caught off first. Halterman again died on third in the last of the sixth. He was given a base on balls and stole second and third with two men down.

In the last of the seventh Rushville got to Robinson and with the aid of the catcher four runs were annexed. Thomas, the first man up, hit safe through second and first. Geraghty bunted and Thomas beat the throw to second. Wagoner struck out. "Hop" Spacey was safe when the catcher missed the third strike. With the bases filled Avery was there with the big stick and cracked out a single. Continued on page eight.

COUNTY CHAIRMEN TO MEET TUESDAY

Republican Heads Will Gather at Connersville to Select District Convention Date.

RICHMOND MAY BE PLACE

Richmond will probably be selected by the Republican county chairmen of the Sixth Indiana Congressional district as the logical place to hold the congressional convention, says the Richmond Palladium. A meeting of the county chairmen of this district has been called for next Tuesday, July 16, at Connersville, at which time the place and date of the convention will be set. The convention is being looked forward to in keen anticipation because of the peculiar political situation which now exists in this district.

The great question which confronts the Taft party is who is to be the congressional candidate? As yet there have been no announcement made. Some say "Our Jim" Watson will be the man. Several other men have been suggested but as yet the office goes begging.

It is asserted by friends of Watson that he will absolutely refuse the nomination if tendered to him. He has stated that he finds the practice of law more profitable.

I. & C. MAN HURT.

Harry Greenlee, employed by the I. & C. Traction Company, met with a very painful accident Saturday while at work at the ear barns north of Shelbyville. He was working around a car when a heavy wrench fell, which was being used by one of his fellow workmen, and struck him on the forehead, inflicting an ugly gash about two inches long. It was necessary for the physician to take two stitches to close the wound.

MULISHNESS IS FATAL TO ONE MULE

\$500 Span Balks and Seesaws With Mower and Foot of One Is Cut Off.

HAD TO BE PUT OUT OF MISERY

The proverbial stubbornness of the mule was responsible for the death of the best of a span of mules, valued at five hundred dollars, on the H. W. Beckner farm three and a half miles northwest of the city, Saturday. Mr. Beckner had the span hitched to a mower and was cutting weeds. While at work one of the mules suddenly became stubborn when there was an especially hard pull. Not to be outdone, the other mule was seized with a fit of "mulishness" also. So they seesawed back and forth in an uncoordinated effort to pull the mower. When one pulled the other one refused and was pulled back against the mower. Finally one of the mules gave a lunge forward, pulling the mower forward, and causing the blades to work. The other mule was jerked backward into the blades, and one of its back feet was all but chopped off by the blades. The injury was so severe that the mule was beyond medical assistance and had to be killed.

Marion Chronicle: The Republican party is an organization made up of millions of human beings, and, just like any other human organization, it displays human frailties, but the one best way to rid it of these as far as possible is to work with it in the party. mitteeman. The call provides the district committeeman shall name a chairman in each county, and the county chairman in turn shall choose the precinct committeemen.

Yet this is a party in which the people are to rule. That is the only excuse for its existence. That is the only appeal it can make to the people And can it consistently do that? But consistence means nothing to the leaders of this new movement. They make no pretense of being consistent. They overshadow all real issues by shouting loud and long enough to get a following. "Holler, and forget the rest."

Instead of allowing the people to rule, as the pretense of Bull Moosers has been, the party is being organized by such high handed methods as were never used by any of the old parties, and by men who aspire to control Indiana by any means. They are bosses of the first-water, such as have never existed, with few exceptions, in the history of political parties.

Compare this with the organization of the Republican party. The people meet in mass convention and select precinct and ward committeemen. The people are urged to come. It is their duty to assist in the party organization. If they are not represented it is their fault.

The committeemen elect the county chairman, and he in turn joins with the county chairmen of the district and names the district chairmen. The district chairmen select a State chairman. The people are the gist of the organization. They are the foundation of it.

What are the people doing in the organization of the Bull Moose party? Are the people having any voice? And yet it is termed the party of the people. Instead of beginning with the people and building up the organization, the Bull Moosers begin with the bosses and continue all along the line with the bosses.

97 in the shade. Whew!

Those of you who want to keep cool should refrain from reading this Colyum as we have made up our mind that that is all we can discuss intelligently today.

The heat being the most noticeable thing in these parts today, we are reminded of the communication received by this Colyum to the effect that it is not very smart to talk about the weather all the time.

And not exaggerating in the least, we would most willingly—that is if we had it—give a million dollars for that breeze today. Oh yes, it's worth it.

And in regard to summer amusements you might take a ride in the sleigh behind the reindeers on one of the half dozen merry-go-rounds in town and just imagine winter is here.

How we'd hate to be a thermometer!

This stuff of mortgaging the winter so that you can enjoy yourself in the summer—notably a summer vacation—is poor business.

The third degree is doubtless bad enough, but it must be admitted of all the summer woes we nurse, the ninety-seventh degree is worst.

**MADE LOVE TO
AN EVANGELIST**

The Rev. J. A. Parker of Kempton, However, Was Not Clever Enough For His Wife.

FORMER CLARKSBURG WOMAN

She Hid Under Bed, Heard Love Making, Then Returned to Father at Clarksburg.

Charging that she hid under a bed and trapped her husband, the Rev. J. A. Parker, as he made love to a pretty evangelist, Mrs. Parker left her home at Kempton, and returned to her father near Clarksburg, says a Greensburg paper.

Mrs. Parker later returned to get her household goods. She says she will institute proceedings for divorce. Parker was the pastor of a small church in Kempton until the episode disrupted his home. Parker has written a letter to his wife begging her to return home and forget the past. The letter says:

"Dear May—Homesick and alone, with your picture before me in this lonely place which I call home, I am getting ready to leave—God only knows where. What will I do? God only knows what I am suffering, but I am here, almost beside myself. I have told the people nothing, only that we have decided to go away for a vacation, and that the new preacher will have a chance to preach to them next Sunday. I am praying to God that you may, for our daughter's sake and also for the sake of the church, forgive me, and O God grant, in tender mercy, that you will come home to me.

"My sorrow is more than I can bear. I can not live. I am penniless, homeless and friendless. Never did I refuse to buy you anything you wanted, and oh, how every week I have strapped myself that we might

get out of debt. I would stay in Kempton in the hope of having you, only I am here in mortal terror of what you might write back. For God's sake come back and let us begin over again. Try me this once. I am so sick I can hardly hold up my head. If I only knew what to do. Kiss my little Vivian for me. In God's name come back to me. My repentance to God and you is real. Believe me, oh, please do. JIM."

TRAIN VICTIM BREATHES LAST

Garamus Miller Expires at Brother's Home Near Gwynneville After Long Suffering.

WAS HIT WEDNESDAY NIGHT

Funeral Held Sunday Afternoon—Leaves Three Brothers and Two Sisters.

Garamus Miller of near Morris-town who was struck by a Big Four train west of Shelbyville some time Wednesday night died Saturday morning at four-forty o'clock at the home of his brother, Thomas Miller, who lives at the edge of Gwynneville.

The victim of the accident did not regain consciousness and the manner in which he met death will probably never be known. It was supposed when he was found that he had been hit by one of the early morning passenger trains on the Big Four. He was picked up unconscious by the crew of a west bound freight and was returned to Shelbyville. An examination showed that he had been fatally injured and in the evening he was removed to the home of his brother, where his death occurred.

He had been employed in Shelbyville as a hay baler by John Burk and had been there for several weeks. He had been at work the day before the accident and was seen going west along the railroad track at eleven o'clock at night.

Mr. Miller had never been married. He was fifty-five years old. His parents are dead, but he is survived by three brothers and two sisters. They are Thomas Miller, at whose home he died; Rufus Miller of Altamont, Kas.; Ross Miller of Birmingham, Ala.; Mrs. Andrew Beckner of Arlington,

and Mrs. Anna Logan, near Freeport. The funeral services were held at the brother's home at two-thirty o'clock Sunday afternoon; the Rev. N. D. Webber of Indianapolis, officiating, and the interment was made in the Asbury cemetery, where his parents lie buried.

SHUT OUT GAME GOES TO LOCALS

Continued from page one.

to right field, scoring Thomas and Geraghty. Spacey tried to reach third on the play and was caught. Carter walked and Miller was hit by Robinson, filling the bases for the second time during the inning. With two strikes on Halterman Barton, the catcher let another one of Robinson's slants get away and Avery and Carter scored. Halterman eventually struck out ending the fireworks. Rushville earned two of the four runs and thanks to the catcher for the other two.

In the eighth Halterman pulled off a sensational play. With one down and Barton on first, Whitley hit a high fly to left. Halterman pulled down the ball and caught Barton off first. It was a pretty double play and Halterman's peg to first was perfect. Lebanon went out in the one, two, three order in the ninth.

NOTES OF THE GAME.

With a little better support Robinson probably would have held the locals to a little closer score, but as it was one man couldn't do it all although he was about the whole show for Lebanon.

Outside of the one big inning—the seventh—the game was close and up until then it was an even break between "Chick" and Robinson.

The Mt. Jackson Athletics, one of the best semi-pro teams out of Indianapolis will be the attraction next Sunday. Mt. Jackson lost yesterday to Alexandria 3 to 2. They have been traveling at a fast clip and a good game can be expected.

Schicke, the Hamilton phenom, who was to have played third failed to show up and Wagoner was run in. Wagoner came down from Indianapolis with Miller-looking for a berth and was given a chance.

Eddie Cook has recommended to Manager Maihaugh a crack third baseman named Murray. Murray has been playing on the Indianapolis Merits and is a fast man. He will play here next Sunday and will probably be a regular fixture.

"Top" Spacey is improving in his throwing to second and not a man pulled it off on him yesterday.

"Red" Yazel did a nice job of umpiring and only a few kicks were made.

The fans were without a leader yesterday. Jack Stonecipher failed to show up and as he has been the big noise at every game he was missed by both fans and players.

It was the fifth straight game Rushville has won. The record so far is two lost out of nine games played. Yesterday's game was the fourth shut-out victory of the season for Avery.

TO ATTEND FUNERAL.

Members of the G. A. R. will meet tomorrow afternoon at one o'clock in the court house and attend the funeral of Arthur Gates in a body.

STORM BRINGS COOLING BREEZE

High Wind and Rain Comes After Highest Temperature of Summer—97 Degrees Is Recorded.

COOLER WEATHER TOMORROW

A rain storm, accompanied by a very strong wind and a vivid electrical display hit Rushville late this afternoon and brought cooling draughts of air that the weather man had promised for Indiana tonight and tomorrow. The storm came at the close of the hottest period of the summer. Yesterday the temperature hung around ninety-five degrees but it remained for today to break the record. A temperature of ninety-seven degrees was recorded by many thermometers. A drop of fifteen degrees is expected by tomorrow.

The present month has had an unusual amount of humidity which accounts for the fact that the weather has been oppressive, although the thermometer has hardly been hanging up to the July temperatures. For the first fourteen days of this month the temperature has averaged about 6 degrees a day lower than the daily average of the first two weeks of July last year. The percentage of saturation of the air, however, recently has been running from 65 to 85 per cent.

SOCIAL POSTPONED.

On account of the death of Arthur J. Gates, an elder of the First Presbyterian church, the social "stag party" which was to have been given in the church tonight by the Men's Bible class of the Sunday school has been postponed indefinitely.
